### **Anurag Behura**

Kendrapada, Odisha, 754219 • +91 7847985572 • behura960@gmail.com • LinkedIn • GitHub

#### **SUMMARY**

Computer Science graduate passionate about building scalable and innovative solutions. Proficient in TypeScript, Java, Python, and JavaScript, with expertise in both frontend and backend development. Experienced in SaaS product design, modern web frameworks, and strong foundational knowledge of data structures and algorithms. Eager to contribute to impactful, cutting-edge projects.

#### **EDUCATION**

## **Bachelor of Technology in Computer Science and Engineering**

Government College of Engineering, Keonjhar

**CGPA:** 7.37 • 2020 – 2024

#### SKILLS

Programming Languages: TypeScript, JavaScript, Java, Python

Databases: MongoDB, PostgreSQL

Frameworks & Libraries: Next.js, React.js, Angular.js, Express.js, Tailwind CSS

**Tools & Technologies:** Node.js, DND Kit **State Management:** Redux, React Query

Other Skills: Data Structures, Algorithms, REST APIs

## **PROJECTS**

# NextForm - Form Builder Platform

Tech Stack: Next.js, DND Kit, Clerk, MongoDB

- Developed a drag-and-drop form builder enabling customizable forms with conditional logic.
- Implemented user authentication and form-sharing via secure links.
- Enhanced UX with real-time form customization and preview features.

# **Quizify – Quiz Management System**

Tech Stack: React.js, Express.js, Node.js, MongoDB

- Built a role-based platform for teachers and students to create and take quizzes.
- Integrated OTP-based authentication and secure, timed quiz sessions.
- Designed real-time dashboards for monitoring student performance.

## **EXPERIENCE**

# **Full Stack Developer Intern**

**TECHISMUST** – *May* 2024 – *July* 2024

- Gained hands-on experience in full-stack development using **Angular**, **Node.js**, and **Express.js**.
- Developed a **responsive movie UI website** optimized for both mobile and large-screen devices.
- Strengthened understanding of modern web development principles, including component-based architecture and RESTful APIs.
